

Homework 1: Introduce Yourself

This homework should be emailed to: **gjh1@pku.edu.cn** by Monday, March 9 at 3pm
Please either use ascii or send as a pdf, do not email microsoft files. Late homeworks will not be accepted.

1. What is your name, in Chinese and in pinyin (with tones)? What is your PKU ID number?
2. What is your undergraduate major?
3. Why did you decide to take this course?
4. What topics are you interested in learning?
5. How proficient are you at English? Could you understand me in the first lecture?
6. What is your hometown? What is your favorite food from there?
7. Tell me something interesting about yourself. Also, is there anything that you would like me to know, for example, about how you learn?
8. Tell me something boring about yourself.
9. Describe to me how you use LLMs, and your thoughts as to how they are useful to you and where problems arise. Which LLMs do you use? If multiple, where do you see the strengths and drawbacks? I am genuinely curious!
10. Write your name (in Chinese and in pinyin, with tones) in large font on a sheet of paper. Take a photo of yourself with the paper in front of you. Send the photo either in the pdf or as a separate image file attached to your email.
11. (To be graded in a later homework) Find somewhere (east side of Weiming Hu?) to take a photo of sunset (or sunrise, if you wake up early). Take the photo of sunset at least once per month. Your phone should point in the same direction and from the same location in each photo.
